

Resume

I was born and raised in West Jordan, UT. I graduated in '00 from Copper Hills High School. I moved to Denver, CO when I was twenty two years old and started my career in plumbing. I worked for a company called Done Service Group for three years until I decided to move back to Utah. I continued working as a plumber for some time. I found the love of my life and have a beautiful daughter. I am at a stage in my life that makes sense to go to school and pursue a career that I know I will enjoy. Life is too short, and I am ready to focus on achieving a career in the IT field.
